

Minimax

MODERN DESIGN FOR MODERN INTERIORS

Fire Rating
1A 34B for 1kg
2A 55B for 2kg

Presenting compact yet powerful, Minimax+. Designer fire extinguisher from Gunnebo India.

Fire extinguisher has been a neglected aspect of safety at many places simply because people do not like large industrial looking equipment in their luxurious premises/homes. Fire extinguishers are always installed out of sight and reach at such locations.

Here is the solution from Gunnebo - Minimax+, a sleek and compact fire extinguisher designed to match the aesthetics of premises while protecting them from fire.

FEATURES:

Effective Against A, B, C
and Electrical Fires.

Sleek Design

Easy Installation
and Handling

Ease of Operation and Use
